ABOUT LITEN DAYS 2024

Together, let's build the Net Zero future.

Don't miss this opportunity to associate your brand with a top international event for advanced energy technologies spanning hydrogen, batteries, and solar, with a focus on materials, energy grids and systems, recycling, and the decarbonized circular economy.

Explore groundbreaking innovations with CEA-Liten, the world's premier Research and Technology Organization in the field of new energy technologies and expand your network by connecting with decision makers, experts, and the research community
